According to this the insurer can be entitled to termination, amend the contract or also be indemnified from payment.

§ 12 No payment obligation for special reasons

1 Malicious deceit after occurrence of the insured event

The insurer shall be indemnified from the compensation obligation if the insurance policy holder maliciously deceives or attempts to deceive the insurer about facts, which are of significance for the substantiation or the amount of the compensation.

§ 13 Representatives

The insurance policy holder must allow the knowledge and the conduct of his representatives to be attributed to him.

§ 14 Payment and interest yield of the compensation

1 Due date of the compensation

The insurance policy holder can claim the amount as a payment on account, which is at least to be paid according to the situation of the object, one month after the damages have been reported.

2 Interest yield

The following applies for the interest yield insofar as no further interest obligation exists for another legal ground:

- 2.1 The compensation is – insofar as it is not paid within one month after the damages have been reported – to bear interest since the report of the damages.
- 2.2 The part of the compensation which exceeds the current market value of damages is to bear interest from the time at which the insurance policy holder has proven the guarantee of the restoration or replacement of insured objects towards the insurer.
- 2.3 The interest rate is four per cent per annum; insofar as a higher interest is not to be paid for another legal ground.
- 2.4 The interest shall be due together with the compensation.

3 Inhibition

When calculating the deadlines according to No. 1, 2 a) and 2 b) the period of time is not to be taken into account in which the compensation cannot be determined or not paid as a result of the fault of the insurance policy holder.

4 Postponement of the payment

The insurance policy holder can however determine that the termination becomes effective at a later time by no later however than as of the end of the current insurance period.

3 Termination by the insurer

A termination by the insurer shall become effective one month after its receipt by the insurance policy holder.

§ 16 Notifications; declarations of intent; changes in addresses

1 Form

Insofar as no written form is requested by law and insofar as not otherwise determined in this contract the declarations and notifications which are determined for the insurer, which relate to the insurance relationship and which are made directly towards the insurer, are to be submitted in a text form.

2 Non-notification of a change in address or name

§ 13 VVG shall apply if the insurance policy holder has not informed the insurer of a change in his address or his name.

§ 17 Insurance for third party account

1 Rights from the contract

The insurance policy holder can conclude the insurance contract in his own name for the interest of a third party (insured person). Only the insurance policy holder is entitled to exercise the rights from this contract and not also the insured person. This shall also apply if the insured person is in the possession of the insurance policy.

2 Payment of the compensation

Before payment of the compensation to the insurance policy holder the insurer can demand proof that the insured person has granted his consent. The insured person can only request the payment of the compensation with the consent of the insurance policy holder.

3 Knowledge and conduct

Insofar as the knowledge and the conduct of the insurance policy holder are of legal significance, with the insurance for third

party account the knowledge and the conduct of the insured person are also to be taken into account. Insofar as the contract covers interests of the insurance policy holder and of the insured person the insurance policy holder must only have the conduct and the knowledge of the insured person attributed for his interest if the insured person is a representative of the insurance policy holder. Incidentally § 47 VVG shall apply.

§ 18 Experts' proceedings

1 Insurance policy holder and insurer can agree after occurrence of the insured event that the amount of the damages will be determined by experts. The experts' proceedings can be extended through agreement to other actual pre-requisites of the claim for compensation as well as the amount of the compensation.

The insurance policy holder can also request experts' proceedings through a unilateral declaration towards the insurers.

2 The following shall apply to the experts' proceedings:

2.1 Each party shall appoint an expert in writing and can then request the other party in writing to appoint the second expert by naming the expert appointed by it. If the second expert is not appointed within two weeks after receipt of the request the requesting party can have him appointed by the County Court with jurisdiction for the damage location. This consequence is to be pointed out in the request.

2.2 Both experts shall appoint a third expert as ombudsman in writing before commencement of the declaratory proceedings. If they cannot reach an agreement the ombudsman shall be appointed by the County Court with jurisdiction for the damage location at the request of one party.

2.3 The insurers may not name any persons as experts who are competitors of the insurance policy holder or maintain permanent business relations with it, further no persons, who are employed at competitors or business partners or maintain a similar relation with them.

This shall apply accordingly to the appointment of an ombudsman by the experts.

3 The declarations of the experts must contain:

3.1 The scope of the damages and destructions, in case of physical injuries the health impairment

and as far as necessary for the respective compensation,

3.2 the expenses for the restoration or replacement;

3.3 the insurance value of the damaged, destroyed or lost objects according to the conditions;

3.4 the expenses in case of demolition;

3.5 the additional costs in case of interruption;

3.6 residual values and other costs.

4 The experts shall send both parties their findings at the same time. If the findings deviate the insurer shall hand these over to

the ombudsman immediately. He shall decide about the still disputed points within the limits drawn through the findings of the experts and send his decision to both parties at the same time.

5 Each party shall bear the costs of its expert. The costs of the ombudsman shall be borne half each by both parties.

6 The findings of the experts or of the ombudsman are binding if it is not proven that they obviously deviate substantially from the real factual situation. Based on these binding declarations the insurers shall calculate the compensation according to the respective conditions.

7 The responsibilities of the insurance policy holder shall not be affected through the experts' proceedings.

§ 19 Statute-of-limitations

The claims from the insurance contract shall become statute-barred in three years.

The statute-of-limitations shall begin with the close of the year in which the claim was incurred and the creditor gains knowledge, or should have gained knowledge without gross negligence, of the circumstances which substantiate the claim and the person of the debtor.

If a claim has been reported to the insurer from the insurance contract the period of time between report and receipt of the decision of the insurance, which is notified in a text form, by the claimant shall not count when calculating the deadline.

§ 20 Co-insurance

1 Several insurers are involved in this contract. The participations can be derived from the shares stated in the insurance policy.

2 The Lead Insurer Deutsche FilmversicherungsGemeinschaft (hereinafter DFG) is stated in the policy. DFG is entitled to change the structure of the participants stated in the policy. On request of the insured, DFG will provide the current list of participating interests.

3 The managing insurer is authorized to receive notifications and declarations of intent of the insurance policy holder on behalf of all involved insurers.

4 The agreements reached with the insurance policy holder by the managing insurer are binding for the co-insurers.

§ 21 Conducting of proceedings and place of jurisdiction

1 In case of disputes from this contract the insurance policy holder only has to assert his claims against the managing insurer and only because of his share in court.

2 The involved insurers acknowledge the decision, which is pronounced as final and absolute against the managing insurers as well as the settlement reached by it with the insurance policy holder after the pending case, as also binding for them.

3 In case the share of the managing insurer does not satisfy the amount of the appeal the insurance policy holder is entitled and at the request of the leading or a co-involved insurer obliged to extend the action to a second, if necessary further, insurers until this amount is reached. If this request is not satisfied § 21 Sub clause 2 of these conditions shall not apply.
